

ANNEX D.4.2 Wi-Fi CMS Instances - List of Mandatory Sites

Instructions and Notes:

1. All specifications are for services with all implementation specifications limited to physical/procedural interfaces necessary to connect to or interoperate with other external services or parties.
2. Service specifications are: 1) # Concurrent Users for the whole site; 2) Backhaul Bandwidth (BW) in Mbps from the site; 3) Next Generation Hotspot (NGH) Capable, or not; and, 4) Auxiliary Power capacity, if any.
3. "Aux Power" refers to solar or other alternatives for electric utility power. The "Uninterruptible Power Service" is a different service.
4. The "Latitude" and "Longitude" are best effort only. They should not be considered as specifications, nor is any guarantee of accuracy given or implied
5. Note the "Site Auxillary Connectivity Requirement" in this Annex, sites tag as "YES" means it requires the Site Auxillary Connectivity CMS.
